Line and Pattern

About line and pattern:

A LINE is a mark with a greater length than width.

A PATTERN in art is made by repeating visual elements in a work of art like these examples.

Can you come up with 5 of your own patterns in the boxes below?

Here is an example of how to fill your animal with line and patterns.

I have attached two animals you can choose from. You could even draw your own animal as well. Don't forget to hold on to your artwork or send a photo to courtneyd@woodfordps.vic.edu.au
