## Week 6 Grade 5/6 Zentangles

What is a Zentangle? An abstract piece of art that is created by tangling simple patterns.

Lots of samples can be found on YouTube- type Zentangles and look at some of the designs they create and then try your own.

You can watch the video on the blog that shows you how to draw 15 different patterns that can be used in your art. <https://youtu.be/s8PpYI3cPbE>

Examples of different ways to draw a zentangle are below. It is completely up to you what you would like to draw to begin. You could draw a love heart, animal, shapes that overlap or a hand print etc.

Don't forget to hold on to your artwork or send a photo to [courtneyd@woodfordps.vic.edu.au](mailto:courtneyd@woodfordps.vic.edu.au)

Here are some other pattern ideas to fill your art work in with. You don't have to use these they just give you an idea if you don't have access to a computer or to make your own patterns up.
