

ART

Week 6

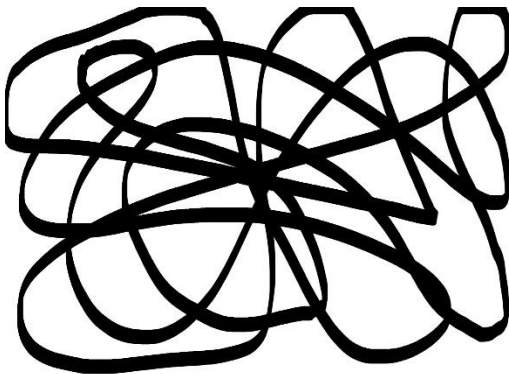

PREP/1/2

Scribble Art

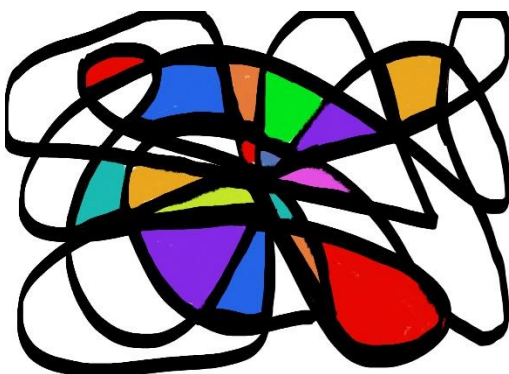

Our focus this week is colouring within our lines and pencil control.

1. Use a black texta to create a swirly scribble on the paper. I have used my iPad to show you.

2. Next, colour in every shape with crayons, pencils or textas. I would really encourage your child to focus on colouring within the lines and making sure that they are colouring in the same direction rather than all different ways.

3. Continue to colour until there are no white spaces to colour in.

4. You could cut it out and place on a piece of coloured paper.

5. Don't forget to hold on to your artwork or send a photo to courtneyd@woodfordps.vic.edu.au
