

Boys From The Bush Concert Routine

Verse 1

We've been shearing sheep, we've been mustering stock
We've been culling out roos, we've been spraying the crops
We've been droving cattle up an old stock route
Now its Saturday night, and we pile in the ute

Chorus 1

We're the boys from the bush and we're back in town
Well the dog's in the back and the foot goes down
We're life members of the outback club
We're the boys from the bush, come in from the scrub

Verse 2

We've been out in the heat, we've been loading the trucks
We've been fixing fences, we been choking on dust
We curse the rain, we curse the drought
Now its Saturday night, and we're all in the shout

Chorus 2

We're the boys from the bush and we're back in town
We get high when the sun goes down
We're life members of the outback club
We're the boys from the bush, come in from the scrub

Instrumental **- skip into semicircle**

Start boys' tricks

We work the land through fire and flood
Its in our hearts, it runs in the blood

Start girls' tricks

Chorus 3

We're the boys from the bush and we're back in town
We'll we raise hell when the sun goes down
All skip into final dance rows
We're life members of the outback club
We're the boys from the bush, come in from the scrub

Chorus 4

Pat Right knee while waiting to start dance, step sideways to the right on the word 'town'

Yeah, we're the boys from the bush and we're back in **town**
We get high when the sun goes down
We're life members of the outback club
We're the boys from the bush, come in from the scrub
We're the boys from the bush, come in from the scrub
